ABOUT SCOTTISH SEA FARMS

Scottish Sea Farms are pioneers in the farming of superior quality Scottish salmon. Their business sits within the heart of communities across the West Coast and Northern Scotland, Orkney and Shetland. Farming within strict biological and environmental regulations, animal husbandry and farming in a sustainable way is at the core of what they do.

They have farms, processing plants, hatcheries and offices in Orkney, Shetland, West Coast of Scotland, and Stirling. Nationally, they employ 682 people. Recruiting and selecting the right people is of paramount importance to the continued success of their business.
