ORKNEY BUILDERS (CONTRACTORS) LTD

ABOUT ORKNEY BUILDERS CONTRACTORS LTD

Orkney Builders are a local building and civils contractor, working in both the public and private sectors. They undertake a wide range of work from small building works, including new UVC windows and doors and extensions, to large contracts such as housing developments, the Stromness Care Home and the Scapa Flow Museum.

They are based in Hatston, Kirkwall and employ over 70 people.

CAREERS

Orkney Builders offers a range of career opportunities from apprentice level to management roles.

Within construction job opportunities include:

Joiners
Masons/Builders
Bricklayers
Groundworkers and Water Infrastructure
Installers

There are also opportunities within their office including administration and finance roles.

SKILLS

Some of the skills needed to work for this business include:

Team working
Able to follow directions
Attention to detail
Able to use own initiative
Good time management skills
Able to prioritise workload

OPPORTUNITIES

Work experience opportunities are available.

Modern Apprenticeships are available to those aged 16-24 years in construction roles as well as for roles in the office, for example in Business and Administration.

Graduate Apprenticeships have also been offered.

All site based staff undergo **role specific mandatory training**.

QUALIFICATIONS

Within Orkney Builders, there are a range of roles that can be based on your skills or qualifications.

There are opportunities for those with no qualifications who could begin as general operatives or apprentices on-site whilst working towards gaining a qualification. There are opportunities within the management team for those who are degree qualified.

Having core skills, which are obtained in school, such as communication and problem solving, is a benefit but not essential as during a Modern Apprenticeship you will develop these.
